Top Industries Represented

The majority of MMTS attendees hail from one of the following business sectors:

14% Aerospace

12% Manufacturing

9% Industrial & Commercial Machinery

5% Consulting / Engineering

4% Job Shop / Contract Manufacturing

4% Research & Development

4% Services (Financial & Other)

3% Materials Suppliers / Distributors

3% Automotive

3% Government / Military

39% Others / Various

Other industries represented include:

Plastics & Packaging

Energy Production/Distribution

Food & Beverage

Defense

Transportation Equipment

Measuring, Analyzing, Controlling
Instruments

Electronics/Computers

Medical Instruments, Appliances,
Supplies

Communications

Agriculture

Medical/Surgical

Rail

Sporting & Recreation Goods

Furniture/Fixtures

Mining

Chemicals/Petroleum

Non-Manufacturing

Oil & Gas

Appliance

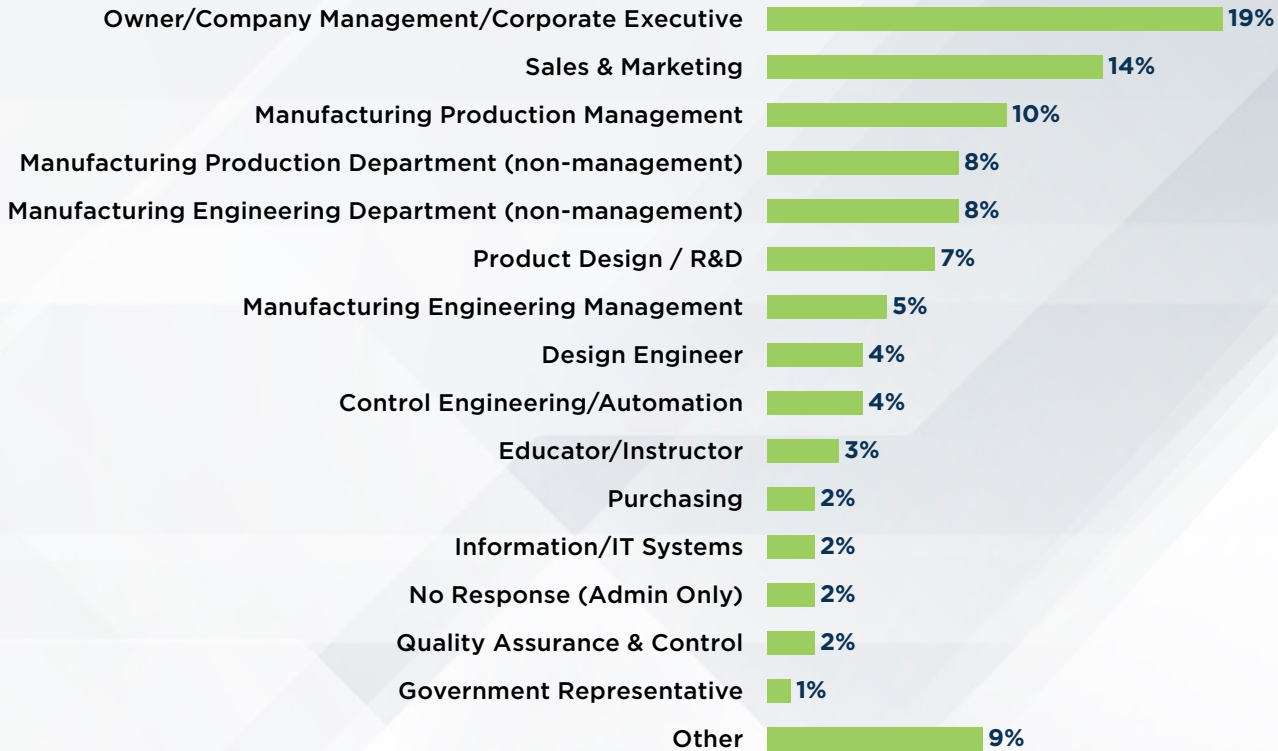

Pulp & Paper

Pharmaceuticals

Job Functions

45% are directly involved in Engineering

19% are Owners / Company Management / Corporate Executives

“Exhibiting at MMTS 2024 was our game-changer. We were able to show our innovations, get along with the major influencers in the industry, and position our brand as a thought leader in manufacturing technology. The exposure and engagement this allows are priceless; hence, it is an event one cannot afford to miss.”

— Vincent Allard
Co-owner, Machineries BV Ltée

Company Size

MMTS connects you with small job shops, mid-size companies and large OEMs that are essential to the manufacturing industry in Quebec.

Role in Buying

73% of attendees influence equipment purchase decisions in their companies. This means you're having quality conversations with evaluators, recommenders, specifiers, and final decision-makers.

“We have a good clientele in the manufacturing sector, as well as in distribution and construction, so it was very important for Openmind to be present at this show.”

— **Jerome Landry**

Director Marketing, Openmind Technologies

Company Budget

70% of the MMTS audience has equipment budgets that exceed \$20,000.

37% have budgets that exceed \$200,000.

MMTS is an excellent way to connect with companies looking to invest in capital equipment.

Audience Technologies of Interest

Additive Manufacturing/3D Printing

Automated Manufacturing & Assembly

Automation & Controls

Bar Code Equipment & Sales

Borescopes

CNC Programming Software

Composite Manufacturing

Controls, CAD/CAM Software

Coolants & Lubricants

Cutting Tools & Accessories

Data Acquisition

Deburring & Edge Finishing

Digital Manufacturing

Drilling & Tapping Machines

Dust Collectors

EDM

Energy & Environmental Efficiency

Engineering Materials

ERP/MRP

Fastening & Joining

Financial & Leasing Services

Finishing & Coatings

Flexible Manufacturing Systems

Gases & Gas Equipment

Grinding Machines

IIoT (Industrial Internet of Things)

Industry 4.0

Lasers & Laser Systems

Lean Manufacturing

Machine Vision Systems

Machining Centres, Milling & Boring Machines

Machining, Plastics

Maintenance & Repair

Material Handling

Measurement, Inspection & Test

Metal Forming & Fabricating Equipment

Metal Suppliers

Micromanufacturing

Microscopes

Motion Control

NDT

Part Identification/Marking Systems (RFID)

Plant Engineering & Maintenance

Plasma Cutting

Plastics Molding & Manufacturing

Purchasing & Inventory Control Software

Rapid Prototyping

Resistance Welding

Robotics

Sawing & Cut Off Machines

Screw Machining

Smart Manufacturing Technologies

Turning Machines Lathes & Turning Centres

Waterjet Cutting

Welding

Workholding Systems & Fixtures

“ We have participated to MMTS for several years now, to meet with our current customers and potential future buyers, and to present our latest and most advanced machining technologies.”

— Jean Seguin

General Manager, AW Miller Mazak

Sample of Attending Companies

Airbus

Avidbots

BBA

Bell Textron Canada

Bombardier

Cégep de Trois-Rivières

École de technologie supérieure (ÉTS)
Montréal

École Polytechnique Montréal

Emuge-Franken

GE Aerospace

Groupe Meloche

Héroux-Devtek

Hitachi Energy

Hitech International

Hydro-Québec

Investissement Québec

KPMG

Laval University

Maya HTT

McGill University

MEIE (Gouv. Québec)

MEP Inc.

Mitsui Seiki (USA) Inc.

National Research Council (NRC)

Pratt & Whitney Canada

Rolls-Royce Canada

Safran Landing Systems

Schneider Electric

Siemens Financial Ltd.

SNC-Lavalin

Sollum Technologies

STM (Société de transport de Montréal)

Teledyne DALSA

Umamo Medical

Volvo
